Here is a list of objects that cannot be put in the **2.5 Cubic** to **8 Cubic** containers or **Residential Containers**. House hold trash only.

No <u>CONTRUCTION DEBRIS</u> of any kind, such as wooden pallets, 2x4, and drywall.
No Concrete
No hazardous chemicals.
No dirt, rock or Sod
No roofing material.
No tires
NO <u>ELECTRONICS</u>
Carpet can be taken, needs to be called in Extra charges may apply
Furniture is an extra charge, needs to be called in
Mattresses are an extra charge, needs to be called in

There will be no construction debris taken. The material cannot be cycled through the rear loader trucks and land fill has restrictions to certain items such as the tires and hazardous chemicals.
If there is a construction job that needs to be done then we do offer containers that are appropriate for that type of material.

Swim's Disposal does not refund due to bad weather conditions that may prohibit us from getting to the container, however, we clean up everything when we do make it to the property.

July 1, 2013 you can NO consumer electronics in your house hold trash or dumpster according to the <u>ELECTRONIC RECYLING JOBS ACT.</u> <u>www.colorado.gov/cdphe/ewaste.</u> THE WEBSITE FOR FROP OFF SITES
